By SPENCE HELD

Ramona has a better basketball court than this!

That cry went up at the pro basketball game in a downtown arena Monday night, according to Peninsula residents present.

Those at the game included Bud Overby, Tom Kent, Clyde Wood, Hal La Fleur, Darryl Johnson, Harold Tebbetts and Al Pen-toney.

Despite the cement floor, smoke-filled arena and other hazards, the tall and talented pros staged a thrilling contest replete with clever ball-handling and accurate shooting.

Clyde Wood, publisher of the Peninsula News, commented that the big crowd pointed up the need for a civic auditorium and sports arena.

Saturday I went to the Aztec Pow Wow and watched the track meet between State College and the University of Arizona.

As an alumnus of both schools I couldn't very well lose that one. . . . Actually, I'm partial to State. There were some good races but the action wasn't nearly as absorbing as cutting up old touches with guys from the 1920's like Kenny Johnson, Joe Varley and Johnny Yamamoto.

One of my favorite profs at Arizona was the late Dr. Byron Cummings. . . . Once he took us on a field trip in the Chiricahua Mountains; he was about 60 years old but could beat any of the young bucks on a hike.

It wasn't until years later that I learned he was the discoverer of Rainbow Bridge. You know, that natural stone bridge in south-eastern Utah.

The April National Geographic Magazine has an article about it titled "Three Roads to Rainbow."

"How We Built Slim's 60-Day Wonder" is the title of an article in the May issue of True Magazine.

Any old-timer here or any Johnny-Come-Lately interested in aviation will enjoy this one.

A fella spoke glibly the other day about riding a rocket at the speed of light (186,000 miles a second) and living to the ripe old age of 60,000 years during his space flight.

It sounds to me like he's confusing science with science fiction—as a lot of people are doing nowadays.

The flying saucer racket is flourishing, for instance. A variety of characters are making money out of duping gullible folks with talk about 27-inch men and trips to Mars. . . . I heard a guy on the radio mouthing that tripe. When he was asked how he knew those things, he said: "I'm on the Inner Line."

Wow!

## O. B. Fisherman Credited With Largest Halibut

With the yellowtail catch already over the 50,000 mark and soaring day by day, San Diego's greatest deep sea fishing season in history took on other signs of importance this week when other species of game fish moved into the Coronado Islands waters to claim a place on the stage.

Anglers boated over 8000 yellowtails in the seven-day period, with credit for the largest going to Carrol Shive, Downey, who boated a 28 pound 12-ounce. Largest fish of the week were giant white sea bass, with one caught by Jack Storey, Los Angeles, going 47 pounds 6 ounces. He made the catch near the lobster shack at North Coronado Island from Chuck Gillam's Admiral.

Log barracuda also put in an appearance during the week, approximately two weeks earlier than last year. First logs were taken by Dane Carender, Lakeside, fishing from the Helen V and D. Saffel, San Bernardino, fishing from the New Mascot.

J. W. Norris, Ocean Beach, was credited with the largest barndoor halibut of the week, a 37 pound 5 ounce, but was closely pressed by another weighing 34-10 taken by Walter Carlin, San Diego.

At the start of the fifth week of qualifying in the \$25,000 San Diego Yellowtail Derby, minimum weight had risen to 22-10.

## PONY LEAGUE

The Ocean Beach-Point Loma League started its season last Saturday, with the opening ceremony at 9 a.m.

Spectators were treated to three exciting games. The first game between Merchants and Service Clubs went into extra innings with a 5 to 5 score. Merchants scored 2 runs in the 10th to win 7 to 5.

The winning pitcher was David Cook, who was supported by Bob McGee's 2 home runs. The losing pitcher, Rod Jones, went in to relieve Dick Rucker in the 8th. Rucker hit a home run for Service Clubs.

Moose defeated Optimists 7 to 0 behind the no-hit, no-run pitching of Skipper Ikemura. Ikemura struck out 16 of the 21 batters who faced him, establishing a league record for a single game. Moose scored their 7 runs on 4 hits, including a home run by Donald Sada. The losing pitcher was Carl Silva.

The game between Lions and 7-Up was won by Lions 5 to 3. The winning pitcher, Tom Webb, gave up only 1 hit. The losing pitcher was Richard Vance.

There will be league games every Monday, Wednesday and Thursday starting at 5:15 p.m., and three games on Saturdays at 10 a.m., 12:30 p.m. and 3 p.m. The public is invited.

## Local Problems To Be Discussed At Meeting Mon.

Is there a shortage of recreational facilities in the Ocean Beach area?

These and other community problems will be discussed at a meeting Monday, May 6, at 7:30 p.m. in the Ocean Beach Community Center, Santa Monica Ave. and Ebers St.

Wes Rigby, San Diego music teacher, will offer a program of guitar and banjo renditions prior to a discussion period on such questions as how to acquire books for the new library in Point Loma; what can this community do about San Diego's high divorce rate; how to channelize the efforts of service clubs so that their work is most effective and at the same time avoid duplication of efforts; and should the Mexican border be closed to adults as well as children until Mexico cleans up vice in Tijuana?

The public is invited to this meeting, sponsored by the Peninsula Coordinating Council.

The second annual Pancake Breakfast will precede opening day ceremonies to be held Saturday at the Point Loma Little League Park, at the corner of Lowell and Harbor Drive.

This year adequate facilities have been arranged to handle the capacity crowd expected for the breakfast, which will be served starting at 8 a.m. Ticket sales have been going well, and are being handled by members of the Little League teams. The breakfast menu consists of fruit juice, sausage, pancakes and beverage; donation is 50 cents.

Opening Day ceremonies will begin at 10 a.m., directed by Al Schuss as master of ceremonies. Among honored guests participating will be the following: Maj. Gen. T. A. Wornham, commanding MCRD; Capt. Jesse B. Gay,

Jr., commanding Fleet Sonar School; Chaplain John H. Markley, MCRD; Les Cassie, district representative of Little League, Inc.; Frank Gibson, county supervisor; Ross Sharp, city councilman; Jim Mulvaney and Harry Elliott.

In addition to the DeFalco team piloted by Manny Hafner, Rotary managed by Tom Neal, Optimist under the guidance of Ike Sherwin and Kiwanis again led by George MacLaughlan, the Food Basket team will be managed by Bill McLain and Chen-kins by Bob Carrol.

The addition of the two new teams making a six-team league will add interest and allow 30 more boys to play major league ball, said Peterson. A total of 490 boys are registered, and in addition to the major league, two other six-team leagues make up the farm team system and there is a six-team Pacific Coast League.

Although the first official league game does not take place until Monday, each of the six major league teams will play three innings Saturday.

The all-grass playing field is in excellent shape, reports Neal Butler, player's agent. Additional bleachers will be installed.

## Transfer Of Land On Point Loma Requested By Navy

Transfer of about 600 acres of Ft. Rosecrans Army land to the Navy is now before Congress, according to reports from Washington, D. C.

The Navy has asked Congress to approve the transfer. Such action first must be approved by the House and Senate Armed Services committees, it was reported.

Some 80 acres of the area sought by the Navy would be transferred in turn to the Interior Department's Park Service for expansion of Cabrillo National Monument, the Navy said.

(On March 14, the Peninsula News "Here's the Point" columnist wrote: "In my opinion the Navy doesn't need those hundreds of idle acres at the end of Point Loma which I suppose they are now acquiring from the Army. . . . This scenic acreage should be released to civilian authorities for a park.")

Richard V. Hall, Point Loma High School student, was one of four San Diego city school seniors named this week as winners of coveted four-year National Merit scholarships to the colleges or universities of their choice.

Richard, son of Dr. and Mrs. George V. Hall, 3638 Flumosa Dr., is a life member of the California Scholarship Federation, and has qualified for a Naval ROTC scholarship. He is considering several colleges and universities, but has not yet made a choice.

### S. D. State College Sets Open House

Classrooms and laboratories of every building on the San Diego State Campus will be open to the public Sunday, May 5, when the college holds its 57th Annual Open House celebrating Founders' Day. Demonstrations and exhibits will be shown from 2 until 5 p.m., President Malcolm A. Love announced.

The event, which last year attracted more than 5,000 persons, will be even larger this year. Additional departments have scheduled displays of equipment, student work and facilities, and others have expanded their programs.

Activities will more than fill the three hours for every visitor. Everything from a demonstration of modern dance to a high voltage electrical exhibit—from an "invertebrate smorgasbord" to jet aircraft has been planned.

The "new look" on the campus will be of interest to everyone. New buildings, all of which have been opened since the 1956 Open House, are Education, Home Economics, Home Management, Speech, and additions to the Little Theatre. Also of interest will be the three-story Humanities-Social Sciences building which is now under construction and will be completed by the beginning of the 1957-58 college year.

### Sponge Cake and Cream Pie Contest Will Be Held At Del Mar Exposition

Baking enthusiasts who have received "Ohs" and "Ahs" for their cakes and pies are invited to compete at the 18th annual Southern California Exposition & County Fair at Del Mar. Exposition dates are June 28 through July 7.

A sponge cake contest will be held July 1 in the new Harvest Hall. Contestants must prepare their entries at home but a clearly written recipe must accompany each cake.

A cream pie contest will be held the following day.

The three top winners in the sponge cake competition will be invited to return July 5 to participate in a bake-off, actually preparing their cakes before an audience.

The next day, the cream pie champion will be selected. First place winners of each contest will receive an electric roaster; second place, an electric skillet.

Participants need not sign up in advance, Mrs. Lorene Bohn, Entry Supt., said. They will be admitted free on presentation of their cakes or pies at the main entrance.

The contest is co-sponsored by the Egg Industry Promotion Committee of San Diego County, San Diego Gas and Electric Company and the Exposition.

### 'Daniel Boone' To Be Staged

"Daniel Boone," produced by the San Diego Junior Theatre, will be staged at Roosevelt Junior High School Auditorium Saturday and Sunday, May 4 and 5 at 2:30 p.m. Repeat performances will follow the next weekend, May 11 and 12 at the same time. Also, an added performance is set at 10 a.m. Saturday, May 11.

The "Daniel Boone" adaptation by Leona Baptist is being directed by John Burr, who also directed "Cinderella" for Junior Theatre. Burr is also designing and supervising construction of the sets. The leading role of Daniel Boone is being played by Ter-

rance Van Oss. "Daniel Boone" is the final Junior Theatre production for the season. This exciting historical drama of early American history should prove popular for boys and girls of all ages.

An innovation for Junior Theatre plays is reserved-seat tickets. Call BE-9-1311 for better reservations. However, seats may be purchased at the door. All season ticket holders must exchange their tickets for reserved-seat tickets.

Local youngsters appearing in "Daniel Boone" are: Jeff Lustig who plays Daniel Boone's son; Mike Lustig as Tom Hancock; Glenna Deisternars as Fanny Appleby; Linda Jo Rogers as Yellow Flower; Ann Gentles as an Indian Maiden; and Rusty Bartell, a white captive.

### TONSILS REMOVED

### 9 Local Women Assist With Serenade Ball

Nine Peninsula women have been named to help present the Serenade Ball, first social event of this summer's Fiesta del Pacifico, scheduled May 11 in El Cortez Hotel.

Mrs. Cortlandt Howell is chairman of the decorations committee and Mrs. John F. Gilchrist is also a member. Mrs. John H. Murphy is co-chairman of the committee for table arrangements. Meses. Gordon C. Luce, Jack Landale Jr., Charles W. Shafer, Fred H. Baker, and William M. Shanahan are on the hostess committee.

Mrs. Anderson Borthwick is Serenade Ball chairman. The ball, fashioned on the theme, "Preludia de la Fiesta," will feature a floor show headlined by Lola Montes, Spanish dancer acclaimed by critics throughout the country. She will be assisted by members of her colorful Ballet Espanol. Orrin Tucker and his orchestra, with Betty Barkley as vocalist, will play for dancing.

Fiesta costumes will be worn, and Latin American decorations will heighten the Fiesta atmosphere in the Caribbean Room of the hotel.

Reservations may be made through the Fiesta del Pacifico office, BE-4-8561.

### Entrance Exams Scheduled By St. Augustine

About 500 eighth grade boys from the parochial schools in San Diego County are expected to take the entrance examination for St. Augustine High School at 9 a.m. May 6 when the school conducts its 17th annual Patio Day. Very Rev. John R. Aherne, O.S.A., St. Augustine principal, announced this week.

Among that 500, a select group of students, each nominated by his school officials, will compete for 11 scholarships. Father Aherne said. Included in the scholarships are one each of four, three and two years and eight one-year grants.

Rev. Donald Williams, O.S.A., administrative assistant to the principal, will supervise the tests. Thomas Carter, football coach, will direct a sports program included in Patio Day activities.

All students who wish to enter St. Augustine High School in the freshman (ninth grade) class this fall must take this entrance examination, Father Aherne emphasized.

Because of its rapid growth, the Fine Arts Show of the Southern California Exposition & County Fair at Del Mar, will be housed in a building containing more than 7000 square feet of display space.

# Tips on Touring

By Carol Lane  
Women's Travel Authority

**Safety Features in 1957 Cars**  
The safest (or most dangerous) feature of any automobile is the driver. But there are certain safety features that the manufacturer can build into his car. Here are some of the newest safety ideas incorporated in various 1957 models.

Hoods are generally lower, enabling the driver to see both fenders without straining.

Some cars have dual headlights (either side by side or one over the other) which are said to give up to 50% more visibility.

Some station wagons have the third seat reversed. This is a good idea when you're traveling with small children; sudden stops are less dangerous.

One car has a radio selector switch on the floor. You can keep both hands on the wheel while changing stations.

Another car has a built-in "policeman". It sounds a warning when you pass a certain speed limit. Most '57 automobiles have the "deep dish" steering wheel. It gives the driver better protection in case of a collision.

Dashboards have fewer knobs less shiny surface area. They're mostly padded plastic that'll "give" upon impact.

These are all good ideas, but they're useless if the driver is reckless, stupid, or inattentive. The safe driver makes the safe car not vice versa.

# Worldly Power Is Worthless to One Seeking God's Way

**ISAIAH**, speaking to the Jewish exiles in Babylon, voices God's invitation to seek His mercy and partake of His grace in words that have brought the invitation to successive generations with ringing strength and sincerity.

He is a bold man who will presume to speak for God. But his boldness is justified if he speaks from nearness to God and from knowledge of God's character, will and purpose. Moreover, his words will be tested. Their truth will depend upon that testing and not merely upon the boldness or authority of the man who utters them.

The great prophetic sayings are not made great because they are from the prophets. They are great and the world honors these prophets because their spiritual worth and soundness have been proven in thought and experience. Time and experience soon separate the false prophets from the true.

What God has to give to man cannot be bought. It is without money and without price. Yet the Jews compared it to the pearl of great price. It was worth every man's while to sacrifice all to possess this.

As a matter of fact, there is a price for God's grace, but not in worldly coin. The wealthy and learned and powerful have no more means of possessing it than have lowly persons who come with nothing but penitence and the devotion of their hearts.

God's invitation is for men to forsake their evil ways and their evil thoughts. Man can control even his thoughts.

Those who accept God's invitation and who follow His ways will find themselves renewed in heart and mind. They will have a new consciousness and a new strength to love and do the right.

# Cleaning Care Preserves Linoleum Beauty

BY EDNA MILES

A LINOLEUM floor, contrary to popular opinion, is not indestructible. But it will take a lot of wear and tear, including rough usage from children and pets.

However, it needs the right cleaning methods if it is not to bulge and crack. And it should be waxed to preserve the beauty of its finish.

Don't flood linoleum with water when you wash it. If you use a cleaning product specifically formulated for linoleum, you won't need a lot of water. A once-over wiping with a damp mop cleans the floor evenly and quickly, without rinsing.

To make your job easier, make use of the new mopping equipment that takes the strain from you as well as from the floor. A mop with a built-in wringer is a big help. It also cuts down on the amount of water you need.

Remember, your linoleum cannot stand the pressure of heavy furniture. Set furniture legs in coaster-like cups that distribute the weight evenly and keep the linoleum from becoming marred.

Using new mopping equipment takes the strain out of cleaning a linoleum floor. A sponge mop and special cleaner omits rinsing and wiping dry.

# HEALTH FOR ALL

"Diphtheria? Smallpox? We don't have to worry about them any more."

True, we don't have to worry about them, IF—a real big if—we take the necessary steps to protect our children against them. The chief reason why these diseases are pretty well controlled in this country is that we've had the means of protection for many years.

Just because we rarely hear of cases, does not mean we can forget about them. The simple routine of protection must go on. Within the first year of his life, your child and every child should be immunized against diphtheria, whooping cough, tetanus and polio, and vaccinated against small-

pox. Some doctors will mix the diphtheria, whooping cough and tetanus shots; others give the tetanus toxoid separately.

For all except smallpox, three shots are necessary. Don't worry too much about your child's reactions to the injection. He may be fretful and even a little feverish. He's bound to have a sore arm. His appetite may fall off for a day or so. But doctors say he'll have very little, if any, memory of the discomfort.

When your child reaches his third year or when he is exposed to any of these diseases, your doctor may recommend "booster" shots to insure his protection. Again before entering school, he should have diphtheria,

whooping cough and tetanus shots and a small pox vaccination. Do explain why they're necessary. Don't try to pretend to him that "They won't hurt a bit."

This is the routine of immunization that every child in this country should go through. In special circumstances your doctor may recommend protection from other diseases such as measles, epidemic influenza, typhoid, cholera, yellow fever and typhus.

What is your child's life and health worth to you? Certainly, the most complete protection medical science can offer.

(This column is sponsored, in the interest of better health, by the San Diego County Tuberculosis and Health Association.)

A record \$122,134 is being offered to non-commercial exhibitors at this summer's 18th annual Southern California Exposition & County Fair at Del Mar, June 28 through July 7.

## Liven Leftover Turkey With Sweet Pickles

BY DOROTHY MADDOX

LEFTOVER turkey has a delicious future when turned into crisp croquettes given flavor and a texture boost with pickles. This is the perfect use for pieces of turkey that are too small for slicing or dicing.

## Pickle Turkey Croquettes and Rice (4-6 servings)

One egg, beaten, 1½ cups chopped, cooked turkey, ½ cup chopped sweet mixed pickles, 2 tablespoons finely chopped parsley, 1 tablespoon grated onion, ½ teaspoon salt, freshly ground pepper, ½ cup fine, dry bread crumbs, fat, 2 tablespoons butter or margarine, 2 tablespoons all-purpose flour, 1½ cups chicken stock or bouillon, 1 egg, slightly beaten, ¼ teaspoon nutmeg, 4 cups hot, cooked rice.

Combine 1 egg, turkey, ¼ cup pickles, parsley, onion, salt, pepper and crumbs; mix well. Chill. Shape into 1½-inch balls. Saute balls in small amount of hot fat until browned.

Meanwhile, melt butter or margarine over low heat; add flour and blend. Gradually add stock or bouillon and cook until thickened, stirring constantly.

Add a little of hot mixture to slightly beaten egg; mix well and return to hot mixture, stirring

Attractive, tasty croquettes, bedded in rice, are made of leftover turkey given a flavor boost with crushed sweet pickles.

constantly. Add nutmeg and remaining ¼ cup pickles; mix well. Arrange turkey balls on rice and serve with pickle sauce.
